

Czech National Centre (Czech National Hub)

„This is our Way to Be“

BENEFITS

Communication, Goals, Sustainability Achieved:

- Identified c4c and c4c-S platform nationally and internationally (CzechNatHub and České národní centrum 1st Faculty of medicine Charles University)
- Collaboration with Academia (Czech Pediatric Society, Nurse Section within the Czech Pediatric Society)
- Young investigators – CzechPharmPed (Ministry of Health ČR)
- Collaboration with Hospitals (Clinical Pharmacotherapy Centre – ongoing task General faculty Hospital), Industry (AIFP, CZECRIN) and CRO (Coordinators and Monitors), SÚKL (Regulators). PPI (Ypagnet)

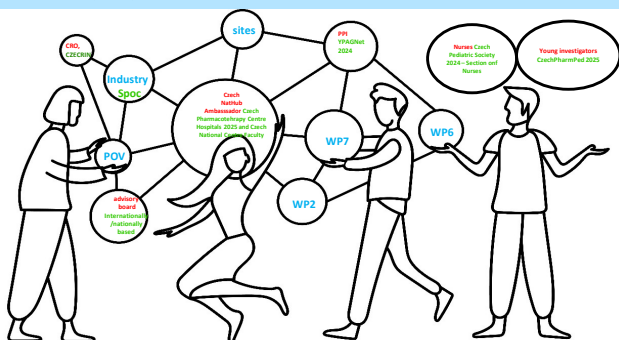

PROBLEM STATEMENT

Self-evaluation in 2018 „the naive Czech Republic NH“, no infrastructure (0), no matrix (0), enthusiastic collaborators (5), regular meetings (formal and informal) within the Czech RepublicNH (monthly/weekly), within c4c (twice a year). In 2024 achieving goals by reasonable values for: Sponsors, industry, regulators in the future, institutions, companies, other initiatives (PPI), members and collaborators, individuals, NNN groups, within the Czech Republic NH and within c4cNHs, for the present and the future.

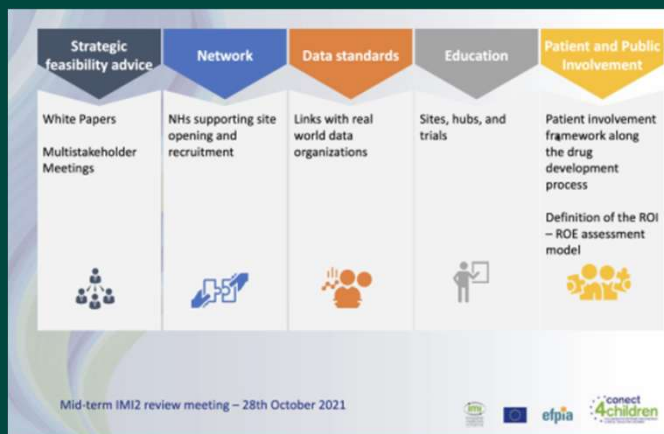

SOLUTION OFFERED and NEW – GREEN LIGHTS

Czech Republic NH case study focusing on single contact points: teachers (3) (3 GCPs, 1 developmental Pharmacology-, 1 refresher-, 1 research nurse-, 1 audit-, and 1 drug safety courses), sponsors (4 industry studies/1PoV study, 8 sites), young investigators (5), nurses (4), Slovakia (1) and see all collaborators

Current work 2024: WP 2 - infrastructure, WP 6 - education, WP7 - trials, WP4 - expert groups

KEY OUTCOMES

Needs: c4c-S is a challenge for the Czech Republic and for continuing in this community, Implication: successfully throughout WP2/6/7 and 4

Priority: reaching the platforms using maturity, matrix (c4c partners, YIC, sponsors, research nurses EnPr-EMA, public and expert groups)

Fundraising: Via Clarita, CUNI-Foundation Prof. Rašková, Czech c4c Ambassador. Czech Pharm Ped

CASE STUDY/ WORK UNDERTAKEN

The First Period (2018/2019): From the Naive Czech Republic NH -> Description and Identification the NH needs Single Contact Points

The Second Period (2020/2021): Developing the Czech NH, Young investigators (2020), CRO authorized by CUNI for clinical trials KDCAP (2021) -> Logistic Method Focusing on Sites, Experts

The Last Period (2023/2025): Nursing Section (March 2024), PPI activities (October 2024), collaboration with CZECRIN (2023), SÚKL education, 2023), VFN – Clinical Trial Centre (since 2006/2025), AIFP education (2023) -> Sustainability, c4c -S Achievements Czech National Centre (Faculty) and Czech Pharmacotherapy Centre (Hospital 2025)

HOW TO ENGAGE WITH US: c4c and....

AIFP (meetings), Jednička (journals)
UK Forum (journals)
Webinář PLDD (webinars), CzechPharmPed (network)
TV (CTVtelevision), Congresses ČSJP (every year meetings), ICU, PPI
The Czech Pediatric Society, Section of Young Investigators and Nurses
