Recommended Hotels

Below is a list of recommended hotels conveniently located near the meeting venue.

We highly encourage you to consider reserving your accommodation as soon as possible. Venice is a popular destination, and prices can fluctuate significantly as the date approaches. Additionally, many hotels near the venue are small, and given the expected demand, they may fill up quickly. By booking early, you will:

- **Secure a room at a reasonable rate:** Hotel prices in Venice tend to rise closer to the event, and the earlier you book, the more likely you are to secure a favorable price
- **Have a wider range of choices:** With limited hotel options near the venue, early booking ensures you have more flexibility in selecting accommodation that fits your needs
- **Avoid the risk of being left with limited options:** If you wait too long, you might find that most nearby hotels are fully booked, leaving you with fewer choices or accommodations located farther from the venue.
- **Please consider booking accommodation with a free cancellation policy if your travel plans are not confirmed.**
