# ONGOING SURVEY

---

**Czech general paediatricians can get involved in this ongoing survey study.**

**Dear colleague,**

We would like to ask you for your help with mapping the current situation in the use of anticonvulsive drugs in the Czech Republic in children **under the age of three**. The information obtained in this survey will later be used as one of the reference materials for planned studies and the results will be published in a Czech journal for paediatricians.

Thank you very much for taking the time to complete the survey. It can be downloaded from the link below ("**SURVEY - ANTICONVULSANTS**"). This questionnaire can be conveniently completed electronically and then you can choose one of the following options for signing it and sending it back to us:

1) You can sign the completed questionnaire electronically (according to the following [instructions](#) ) and send it to our e-mail address ( [pokornakarlov@seznam.cz](mailto:pokornakarlov@seznam.cz) ).

2) You can print, then sign and send the completed questionnaire by Czech Post to the following address:

*MUDr. Pavla Pokorná, PhD  
Klinika dětského a dorostového lékařství  
Všeobecná fakultní nemocnice a 1.LF UK Praha  
Ke Karlovu 2  
121 09 PRAHA 2*

3) You can print, then sign, scan and send the completed questionnaire to our e-mail address ( [pokornakarlov@seznam.cz](mailto:pokornakarlov@seznam.cz) ).

If you are thinking about engaging your patients in clinical pharmacology trials in the future, we also recommend downloading the "**List of patients**" file to record which patients you have included in this survey study, making it easier for you to return to them if necessary. **Please do not send this list to us in order to protect the patients' personal data!** At the moment, it is for your purposes only, and the information and data we collect from you must be **FULLY ANONYMOUS**.

**Thank you for your time.** The information will serve as a basis for conducting non-commercial clinical trials to improve dosage regimens in children suffering from seizures.

If you have any questions, you can contact us by e-mail ( [pokornakarlov@seznam.cz](mailto:pokornakarlov@seznam.cz) ) or by phone (+420 728 024 347 (MUDr. Pokorná), +420 602 249 020 (MUDr. Cabrnachová), +420 723 252 580 (Mrs. Černá)).
